

6th May 2011

Dear Parent/Carer,

The Hugh Oldham Lecture 2011

We have been fortunate to be offered a small number of tickets to attend The Manchester Grammar School on the afternoon of Tuesday 5th July. There will be a choice of two seminars during the afternoon and these will be given by several eminent speakers. After tea there is then The Hugh Oldham lecture itself, which, this year is entitled "Unifying the Physical Forces and Particles". It is being given by Professor Michael Green of Cambridge University who is a pioneer of string theory and is a Professor in both the Department of Applied Mathematics and Theoretical Physics. It promises to be an excellent and informative experience.

We will be travelling in the school minibus, leaving school soon after 1.00pm and arriving back at around 7.00pm.

If you would like to have the opportunity to go on this visit, please return the attached permission slip to Mrs Elder by the end of Wednesday 11th May. If the trip is oversubscribed then places will be allocated on a first come, first served basis, therefore please give the permission slips directly to Mrs Elder in the Science block.

Yours sincerely,

Mrs M E T Elder
Head of Science

Mrs A McPartland
Business Manager

REPLY SLIP:- PLEASE RETURN TO: Mrs M ET Elder

Visit to The Hugh Oldham Lecture at Manchester Grammar School 5th July 2011
